Good Morning Students,

On behalf of the entire staff in the Adult Education Division, we hope you are healthy and safe with your family and loved ones during this unprecedented time in our world.

Like you and your families, our staff and division schools are following the state government requirements regarding “sheltering in place” and all guidelines associated to the Coronavirus pandemic. In that endeavor, we want to share the following information as it relates your education and learning in our schools.

**Distance Learning / Virtual Learning (learning but not at school / on campus):** Our teachers and staff have already begun to work on lesson plans (while working from home) on how to connect with you and meet your learning needs through distance learning. This is new for everyone in our division and across our nation, so we ask for your patience and support as we begin this process together as students and teachers, working through technology for both learning and teaching.

**Distance Learning Starts for Students on Monday, April 20, 2020:** Our goal is to start this new learning and teaching process together with you on Monday, April 20! This is our target and much work needs to be accomplished between now and April 20 as this type of teaching and learning has never been accomplished on such a large scale before in our Adult Schools and across the nation, so again we ask for your understanding and patience.

**Next Steps and What to Expect:** While many of your teachers have already begun communicating with you, you can expect for your teachers and other school staff to start reaching out to you about how learning and teaching will occur.

**Other Ways to Stay Connected / Receive Communication about our Schools:** We encourage our students to stay connected and receive accurate information from our school district and our division with the following technology resources:

- **SUHSD District Webpage:** <http://www.sweetwaterschools.org/>
- **SUHSD Coronavirus / COVID19:** <http://www.sweetwaterschools.org/covid-19-information/>

Again, we wish you and your families all the best health and wellness. We look forward to connecting with you soon.

Sincerely,

Jay C. Marquand, Ph.D.  
Principal of Schools
